DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 4, 5, 9-11, 13 and 22 are allowed.

The following is an examiner's statement of reasons for allowance: none of the prior art of record appears to teach, fairly suggest or render obvious the invention of claim 1. Reasons can be found in the previous office actions, incorporated herein.

Furthermore, with respect to the prior art of record cited on the foreign search report provided August 30, 2004, a review of these references fail to show any teaching or suggestion of the claimed invention including the particular electrode materials of claim 1 in combination with the electrolyte and thioacetate additive defined therein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
